**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I wouldn't usually go out of the way to put together a letter, however, I strongly support a competitive provider.

I am currently with Sonic who were swift and quick to answer anything we needed. In talks with other companies, it took over 6 months to get a good response!!!!

I am now connected to fiber and it has been the best thing because of competition.

We should absolutely be accepting more competition because this ensures that service is always the forefront of business. This will ensure the customer is always being provided for.

If it weren't for healthy competition, we would not have gotten our fiber this quick. This is why we need it.
